### Statement from E. Talley

I, E. Talley, make the following statement based on my personal knowledge:

On or about the morning of May 20, 2025, I received a Facebook message from Natalie Soto. The message preview said, "why would you use me like that if you were just going to show him all the messages?"

When I attempted to view the full message, it had already been deleted. I did not respond to the message. After seeing it, I blocked Natalie Soto on all platforms to prevent further communication.

I have not had any prior contact with her since Friday May 16th.

I am willing to confirm the accuracy of this statement if requested.

## **SUPPLEMENTAL CLARIFICATION BY E. TALLEY**

Civil Action No. 1:24-cv-02911-SDG

I, E. Talley, submit this clarification to accompany my previously signed statement dated May 20, 2025.

I wish to clarify that during my brief communication with Natalie Soto, I did not ask for any information about her legal case, nor did I request to see any photos. I only asked a few personal questions to confirm the nature of her encounter with Wendell Holmes Jr. Specifically, I asked:

1. What her experience with Wendell Holmes, Jr. was;
2. Whether it was a sexual encounter;
3. Whether she could tell if the other woman in the photo she referenced in our messages was me; and
4. The general time frame of the interactions.

At no point did I ask to see the photos, and my questions were solely intended to determine if I had been unknowingly involved. Natalie Soto voluntarily shared explicit content with me, which I did not solicit.

I make this clarification truthfully and based on my personal knowledge.
